*Dear Judge Timothy Fall,*

*My name is [REDACTED]. I have worked for the Encinitas School District for the past 11 years. My first seven years were working with three and four year old children with special needs in an award winning Early Intervention Pre School at Flora Vista Elementary School in Encinitas. For the past four years I have worked in an award winning Special Day Class at Capri Elementary School, a California Distinguished School, as well as, winner of the Golden Bell award. Last year I was awarded Classified Employee of the year at my school. I have had the privilege of working with many different children with many different disabilities, some who have been either physically, emotionally or sexually abused. If I did not believe 100% in Ajay Dev I would not be writing this letter.*

*I have known Ajay since he began dating my sister Peggy. My husband, son and I have spent many vacations visiting with family including Ajay, Peggy, and [REDACTED]. We had the pleasure of getting to know Ajay over the*

*years and know him to be the kind of man to be proud and honored to know. Ajay has always been the kind of person to go out of his way to help other people. He is honest and trustworthy in both his word and his actions. He has always been a wonderful uncle to our son and a kind and loving brother in law to me. I am devastated by this whole ordeal. It is unimaginable to think that such a wonderful, loving and generous person could be taken from his wife, and son. I know personally how this affects both children and families. I know Ajay is having a very difficult time in dealing with this. He is horrified at being labeled a sexual predator for the rest of his life. His reputation is very important to him and I know he wants to try to still prove his innocence. Please find it in your heart to overturn this verdict. If for some reason you cannot then please show leniency. Thank you for your time.*

*Sincerely,*
